## *The Journal of Clinical Dentistry*

**Mission Statement**—*The Journal* is dedicated to the rapid publication of research and reviews focused on preventive oral healthcare products and new dental materials. Both laboratory and clinical research are accepted, as well as case reports. All scientific studies are blinded and peer-reviewed by an expert panel of researchers at independent academic institutions. *The Journal* also publishes issues dedicated to a single product and its research and development. These publications are designed to educate the dental professional on the safety and efficacy of these products so an informed and confident product recommendation can be made to patients. *The Journal* accepts no advertising. **All papers accepted for publication will be assessed a placement fee of US\$800 per published page.**

**Manuscript Submission**—All manuscripts are to be previously unpublished, in whole or in part, to be acceptable for review and publication. *The Journal* will be assigned all rights to works accepted for publication. Manuscripts, figures, and tables should be prepared in either Word or WordPerfect, and emailed as an attachment to EditorJClinDent@gmail.com. All manuscripts should be double-spaced and composed of the following sections: Abstract (Objective, Methods, Results, Conclusions), Introduction (with background of prior research and problem statement), Materials and Methods (how the research was conducted specifically), Results (with data and findings only), Discussion (author description of meaning of the results, conclusions, and directions for future research in the area), and References (formats listed below). Additionally, *The Journal* requires disclosure of the source for funding of the study, if any, in an Acknowledgment to appear at the end of the paper. The corresponding author will be identified, with e-mail address, following the Acknowledgment.

**Manuscript Format**—The following format applies to manuscripts; those which do not follow the format will be returned for adjustments.
